Subj: Clemency Petition in the case of inmate Barry Massey #942583

1. I have observed inmate Barry Massey #942583 over the past four years that I have worked at WSRU (Washington State Reformatory Unit). I am currently assigned to watch two and have worked numerous overtime hours here at WSRU on watch three. Inmate Massey is a role model inmate who sets the example for other inmates to follow. He has worked for correctional industries at WSRU and also has earned the privilege for the extended family visits due to his excellent conduct. He is currently assigned to work at the WSRU fieldhouse and does an outstanding job in maintaining the equipment and ensuring the cleanliness in his area of responsibility. Inmate Massey needs little supervision in the myriad of tasks that he is assigned to. Regardless of his situation he is mature, enthusiastic and knowledgeable. Inmate Massey is a team player who communicates effectively with staff and other inmates. His personal appearance is the standard. He consistently maintains a positive attitude regardless of his situation. He maintains his cell in a high standard of cleanliness. This concludes my statement on inmate Barry Massey #942583

B.A. Paggi
